## SUMMARY

I'm a Front-end Web Developer skilled in HTML, CSS, and JavaScript, specializing in creating responsive, user-friendly websites. I also have experience as a Business Sales Executive, where I developed skills in understanding customer needs and managing client relationships. This combination allows me to tackle projects with a technical and customer-focused approach. I'm eager to stay updated on the latest web development trends and technologies.

## WORK EXPERIENCE

### Frontend Developer , Self Employed

May 2024 - Present

I specialize in crafting engaging and user-friendly interfaces that enhance user experience. With a strong foundation in HTML, CSS, and JavaScript, I transform ideas into visually appealing and responsive web applications. My passion for clean code and attention to detail drives me to deliver high-quality work tailored to my clients' needs.

### Team Lead, Technifity

Sep 2024 - Present

Team Leader at Technifity, dedicated to enhancing team success by promoting effective collaboration, strategic planning, and nurturing a positive work atmosphere. Committed to driving performance and achieving results that align with the organization's objectives.

### Business Sales Executive, Technifity

July 2023 - Sep 2024

As a Business Sales Executive in the stock market, I spearhead sales by delivering customized investment strategies and insightful market analysis. I engage with clients, provide expert guidance, and foster strong relationships to ensure their satisfaction while achieving sales goals. Working closely with the sales team, I enhance strategies, maintain updated databases, and diligently follow up on leads to maximize performance.

### Business Sales Executive, Bells Communication

Dec 2021 - May 2022

As a Business Sales Executive in the stock market, I facilitate sales by delivering customized investment strategies and market insights. I engage with clients, provide expert guidance, and foster strong relationships to ensure their satisfaction and achieve sales goals. Working alongside the sales team, I enhance strategies, maintain updated databases, and diligently follow up on leads to maximize performance.

## EDUCATION

**Bachelor of Computer Science - Virtual University of Pakistan**

**May 2023 - Present**

Currently, I'm studying BSCS at Virtual University of Pakistan. My coursework includes subjects such as data structures, algorithms, software engineering, and database management. This program has enhanced my skills in programming languages like Java, Python, and C++, and provided me with a solid understanding of computer networks, operating systems, and web development.

**Intermediate in Commerce - Apex International Colleges**

**May 2021 - May 2022**

I completed my Intermediate in Commerce from the Lahore Board at Apex International Colleges. During my studies, I developed a strong understanding of financial principles, market dynamics, and statistical analysis. Additionally, I gained practical skills in bookkeeping, financial reporting, and economic theory, which have equipped me with a well-rounded perspective in the field of commerce.
